2. CONVENE PUBLIC HEARING

Public Hearing to receive oral or written comments or questions on:

- 1) the proposal to seek a waiver of the Illinois School Code (Section 27-24.3) in order to continue counting driver's education range hours toward the six-hour driving requirement and
- 2) the proposal to seek a waiver of the State Board's rules for Driver Education (23 Illinois Administrative Code, Section 252.30(a)(3)) to increase the Drivers' Education fee.

Motion: A. Creger

Second: S. Ficker

Dr. Riordan explained that this is done every five years. The district did not receive any written comments and there were no audience members for comments.

The first item is requesting that range hours count toward the six-hour driving requirement. The majority of schools in the state do not have a driver's education range. The second item is to request to be able to charge more than the state statute of \$50.00. This is customary for school districts because the cost of the course per student exceeds \$50.00.
