

Summer STEM Camp

What: Reavis' Second Annual Summer STEM Camp

Who: All incoming 7th, 8th and 9th graders

When: Tuesday, July 11th, through Thursday, July 13th
9 a.m. - noon

Where: Reavis High School

Cost: \$70 (this includes the cost of a Raspberry Pi which students will keep)

If you are interested in learning about computer programming, 3D printing and computer aided design then this is the camp for you! At STEM Camp, you will learn about these topics in a fun, project-oriented, hands-on, and action-packed environment.

Registration: Space is limited. If you are interested, email Sandy Joy at sjoy@d220.org. In the email, include student name, school, and current grade level. She will reply with further information. If you have any questions, please contact Mike LaMantia at mlamantia@d220.org or call (708)599-7200 Ext 201.
